CULTURE—Fuchsias love the shade and moisture and for this reason are well adapted for the shady side of buildings where they give a wealth of bloom. They respond to a rich soil and applications of well rotted manure is advocated with additional feedings of more concentrated plant food. They will not stand an outside temperature below 20 degrees Fahrenheit.

PRICE—Price of all plants except where noted otherwise is as follows:

From 4-inch pots, 50c each.

Many varieties in larger sizes from \$1.00 up.

Trailing varieties in 10-inch hanging pots, \$3.00 up.

New Introductions in hanging pots at \$4.00 up.

SUBSTITUTIONS—When ordering by mail it would be wise to list a few substitute varieties in case certain ones ordered are out of stock. Otherwise we will use our discretion in making substitutions.

SALES TAX—All orders in California carry a 4% Sales Tax and should be added to remittance sent. Orders shipped outside of California are not subject to this tax.

SHIPPING—We prepay all cash orders over \$4.00 in California. Outside of California, shipping charges are to be paid by purchaser. Such orders will be sent charges collect if payment does not cover. For instance, four plants from four-inch pots will weigh five pounds packed for shipment and for each plant over four add one-half pound and rates from the different zones may be computed. No Canadian or foreign shipments.

SAMPLE SHIPMENT—A special Offer of 12 plants, all named and different for \$5.00. Postpaid west of the Rockies. Add \$1.00 for shipment east of Rockies.

50 Plants, all named and different, for \$15.00. East of the Rockies add \$3.50. Postpaid.

Each year we hold a Fuchsia Show at the Nursery, open to the public, when Fuchsias are at the height of bloom. This generally occurs in early September and at this time a preview is given of new varieties to appear the following spring. Keep this period in mind as we have thousands of people who eagerly look forward to this occasion.

1958

Fuchsia Introductions

BONNY BLUE (Hodges)—Double corolla of lovely silvery blue, short waxy tube and broad sepals, shiny white outside with pink base, crepe texture inside with light carmine flush. Good, upright grower. \$1.00 each.

CHEFFITA (Hodges)—Double corolla opening purplish, turning to rosy hue with smoky overcast toward petal edge. Broad outspread deep pink sepals. Upright, spreading bush. Very free blooming. \$1.00 each.

CITY OF MILLBRAE (Martin)—Trailer with extra double soft orchid blue to bright rose at base. Very wide, bright rose sepals tipped green, opening to form a square bloom. \$1.00 each.

COCKATOO (Schnabel-Paskesen)—Double flaring corolla is a clear white with bright red veins. Tube and sepals are a lovely, deep rose-red. Free blooming, making a natural, bushy plant. \$1.00 each.

DARK EYES (Erickson)—Double, deep violet blue petals, curled and folded to form a full corolla. Short tube and short, broad, upturned sepals of deep red. Medium low, bushy grower. \$1.00 each.

DUSK (Reedstrom)—Trailer with double pale blue corolla, shading to pink at base of petals. Tube and sepals palest blush pink. \$1.00 each.

DUTCH BONNET (Martin)—Double, deep violet blue corolla with waxy, white, pointed sepals, curled up like a Dutch bonnet. \$1.00 each.

FIFI (Martin)—Single, upright miniature with small, soft, violet blue corolla, fading to white at base of petals. Upper sepals white, flushed pink underneath. Long sepals curl upward. \$1.00 each.

GOLDEN GLOW (Munkner)—Single corolla of yellowish orange and the long, outspread sepals pale carmine with salmon flush. Heavy, waxy tube. \$1.00 each.

HARVEST MOON (Hodges)—Trailer. Single, white, flat flaring corolla, heavily veined rose pink near petal base. Tube and long, broad, upturned sepals rose red. Free flowering trailer. \$1.00 each.

IRENE (Fuchsia Farms)—Trailer with semi-double, palest pink corolla, long white folded sepals, pointed and tipped pale green. \$1.00 each.

JIM DANDY (Kennett-Ross)—Single, upright miniature, orange to purple petals in corolla with white tube and orange sepals. \$1.00 each.

KERNAN ROBSON (Tiret)—Double, large, smoky red corolla, changing to rosy red as flower matures. Pale red sepals are lying flat against short, pink tube. A good, bushy grower. \$1.00 each.

1958 *FUCHSIA INTRODUCTIONS—Continued*

LADY BETH (Martin) — Giant flowered double, bright violet blue with phosphorus sheen, some petals rolled like orchids. Palest rose, thick creped sepals. \$1.00 each.

LILAC 'N' ROSE (Waltz) — Trailer with double flowers of new shade of rosy pink. Folded petals of corolla of lilac, changing to beautiful shade of clear, bright rosy pink. Long tube and long, pointed sepals of white, flushed pink. Good foliage, free bloomer. \$1.00 each.

MARDI GRAS (Reedstrom) — Large, double corolla of dark purple, mottled pink. Sepals are red. Extra strong grower. \$1.00 each.

MAJOR BARBARA (Schnabel-Paskesen) — Double corolla of light violet-blue, changing to muted old rose as flower matures. Pale rose in bud stage. Can be used as trailer. \$1.00 each.

MARIETTA (Waltz) — Large, double corolla of dark magenta red, splashed carmine on outer petals, changing to mature flower of dark clear red. Long tube and broad upturned sepals are bright carmine. \$1.00 each.

MISS UNIVERSE (Reedstrom) — Double corolla of brightest pink. Long, dark pink sepals recurved back against stem. \$1.00 each.

MISS VALLEJO (Tiret) — One of the largest double pinks with globular corolla of deep pink suffused with wide streaks of rose pink. Deep pink sepals tipped pea green. \$1.00 each.

PATRICIAN (Kennett-Ross) — Double, brilliant red corolla with white tube and white sepals, open to form a square blossom. Upright grower. \$1.00 each.

PEARL LUSTRE (Schnabel-Paskesen) — Trailer with extra large pearl-white, pink-veined double corolla of spreading petals. White tube and broad, granular pink sepals. Good grower and a welcome addition to the trailers. \$1.00 each.

PENELOPE (Tiret) — Semi-double rosy pink with wide open, flaring corolla. Sepals are deep pink, tipped pea green. \$1.00 each.

PINK GALORE (Fuchsia-La) (Trade Mark Reg.) — Trailer with double, long corolla of beautiful soft rose or candy pink, tubes and long, upturned sepals slightly deeper pink. A very fine all-pink. \$1.00 each.

PINK JADE (Pybon) — Single corolla of medium orchid-pink with a distinct, deeper glowing rose border. Pink, upturned sepals tipped green. Very low grower, excellent for pot culture. \$1.00 each.

PINWHEEL (Waltz) — Large, double, pastel with lovely shade of violet in petals and the broad sepals are pointed and turn back slightly at tips. Flower resembles a pinwheel in form. Self-branching, medium size plant. \$1.00 each.

PRELUDE (Kennett-Ross) — Trailer with double corolla, royal purple inside petals and fluted white side petals. Rose tube and white sepals. Different in coloring for Fuchsias. \$1.00 each.

RAINBOW (Nelson) — Large, double purple with orange-rose outer petals. Slender tube is carmine with dark pink sepals outside and more vivid underneath. Low, bushy grower. \$1.00 each.

Summer Snow (See Page 9)

RED JACKET (Waltz)—Trailer with gorgeous, large, fluffy, double white corolla and the brightest red buds and long sepals, upturned. An excellent addition. \$1.00 each.

RHAPSODY (Fuchsia Farms) — Double, deep royal purple corolla with rose markings on outer side petals, wide, brilliant red sepals. \$1.00 each.

ROSALEE (Martin) — Extra double, brilliant rose-red with frilly side petals. Long, thick red sepals. \$1.00 each.

ROSEBUD (Kennett-Ross) — Trailer with double medium rose corolla rolled tight as a rosebud, tube and sepals white. \$1.00 each.

SHALIMAR (Schnabel-Paskesen) — Trailer with huge globular, double corolla of pale lavender blue petals, beautifully marbled with rose. Tube is white as well as outside of sepals, with inner side of palest pink blush. \$1.00 each.

SHERYL ANN (Fuchsia Farms) — Double white corolla, center flushed red with red veins. Very thick, bright red sepals. \$1.00 each.

1958 FUCHSIA INTRODUCTIONS—Continued

SHOCKING PINK (Nelson)—Double, bright pink corolla. Sepals darker pink with darker stripe from base to tip. Compact, low bush. \$1.00 each.

STRAWBERRY SUNDAE (Kennett-Ross)—Trailer with double bright strawberry-pink corolla. Sepals waxy, ivory white, tipped green. \$1.00 each.

TIBURON (Reedstrom) — Natural trailer with semi-double corolla of deep orange and slightly lighter tube and sepals. \$1.00 each.

TWILIGHT (Hodges)—Double, deep blue corolla, spreading out wide. Tube and upturned sepals softest pink. \$1.00 each.

WAIKIKI (Tiret)—Trailer with large double red corolla and recurving sepals of white, flushed pale pink. \$1.00 each.

WHITE CAPS (Hodges)—Double, spreading white corolla with pink tube and broad, short, white sepals, pink at base. Medium high bush. \$1.00 each.

PRICE OF ALL 1958 INTRODUCTIONS

\$1.00 Each — Any 6 for \$5.00; 12 for \$10.00

Fuchsia Pruning Time

The early part of February is the best time for pruning these popular shrubs that should be in every Bay Area garden. By this time all danger of severe freeze is over, as ordinary frosts, which will still come for several weeks yet, do no harm to Fuchsias. Fuchsias flower more freely and give better and larger bloom if given a good pruning. You cannot kill a Fuchsia plant with heavy pruning and they are one plant you can make many mistakes on and still get good results. In general, plants should be cut back about one-half with the exception of the very dwarf or slow growing types and with these exceptions, cut back about one-third. Thin out all dead and twiggy growth and cut out crossing branches, particularly in the center. Save the strongest shoots and those growing in the direction needed to make a shapely plant. Don't hesitate on cutting back all hanging basket types as it is necessary to promote new growth from the crowns. After pruning it is advisable to thoroughly spray all plants, using a mixture of VOLCK and ISOTOX to control insects that may be wintering over on the plants. After growth begins later in the spring, aphids and white fly appear on the new growth and the best spray at that time is MALATHION.

Trailing Fuchsias

For window box culture, hanging pots and baskets.

ANGEL ISLAND (Reedstrom) — Trailer with medium large, double frosty white blooms, long white tube and dainty, upturned white sepals. 75c each.

ANNA (Reiter)—Sepals, tube and base of petals strong carmine, very large, double corolla of magenta. Vigorous growth and the largest flower of self color group.

BALI HI (Tiret) (Pat.)—Trailer with double corolla beginning violet blue, opens to mauve blue, broad tube and upturned sepals white. Good foliage and abundance of medium large flowers. \$1.00 each.

BLOOMER GIRL (Muriel Waltz)—Double bell shaped flowers in a natural trailer. Pleated petals of palest pink, veined carmine. Short tube and sepals of bright carmine. Extra good hanger.

BLUE BIRD (Waltz)—Natural trailer with semi-double corolla of deepest violet blue petals with scalloped overlapping edges, tube short and long pointed sepals are snowy white. 75c each.

BLUETT—Trailer with tiny double lavender blue corolla and rose red sepals. A very pretty little trailer.

BOUFFANT (Tiret) — Long single white corolla veined pink at base, short tube and long, broad sepals deep red.

CARA MIA (Schnabel) — A trailer with semi-double, globular corolla of deepest crimson, the long, pointed, reflexed sepals of palest rose pink. 75c each.

CONSPICUOUS (Tiret)—Double, compact corolla of clear China rose, pale rose recurved sepals, changing to lighter shade on the tube. A good grower and heavy bloomer. 75c each.

EMBERGLOW (Tiret) — Trailer, medium sized double corolla, lilac purple, changing to smoky hue of rose and red, retaining narrow edge of pale lilac purple. Recurving sepals of carmine rose, tipped green. Makes an excellent trailer. 75c each.

FIREBALL (Waltz) — Natural trailer with unusual color changes as flower matures. Double corolla of ruddy purple with splashes of carmine at base of petals and changing to blue purple and into brilliant red. Bright carmine sepals, tipped green, are broad and upturned. 75c each.

FIRST LOVE (Kennett & Ross)—Trailing, large, double, clear orchid corolla, outer petals having some marbling of pink and white, the tube and long sepals white, flushed pink. 75c each.

FORT BRAGG (Weichart)—Beautiful trailing sport of Enchanted with double corolla of pale lavender rose with bluish tinge and tube and broad upturned sepals of a rose shade. 75c each.

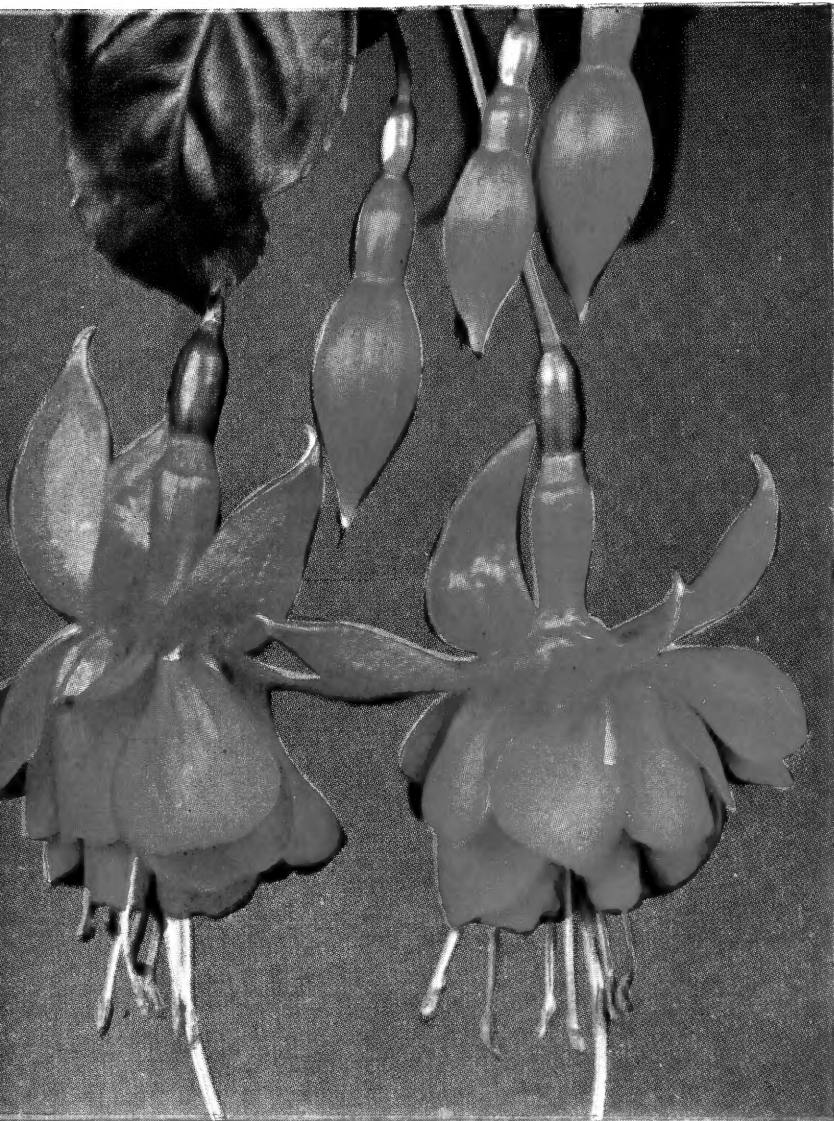

GLOWING EMBERS (Kennett & Ross) — Trailing, large, single corolla of burnt orange to red and the tube and thick sepals a watermelon pink. 75c each.

GOLDEN MARINKA (Weber) — A good novelty trailer with the same self color deep red flowers of the original Marinka. Each leaf of Golden Marinka is variegated with gold, especially near leaf edges, turning to cream as leaves mature. 75c each.

MAYFLOWER (Hodges)—Double, spreading corolla of light pink, sepals deep pink to rose, tipped green. Good sized flowers, well displayed in hanging basket. 75c each.

MILLIONAIRE (Tiret) — Trailer of strong growth and good foliage. Very large double flowers of deepest violet purple, short tube and broad sepals of rose red to deep red. The richest coloring of any double fuchsia. 75c each.

TRAILING FUCHSIAS—Continued

Anna (See Page 7)

MONSTERA (Reedstrom)—Semi-double corolla is magenta and mottled, slightly paler at the base. Buds are deep crimson and sepals turn back over an extremely long stem. Natural trailer.

PINTO (Fuchsia-La) — Trade Mark Reg. Double cream white with prominent cerise rose splashes on outside petals. Tube and reflexed sepals of brightest rose red. Trailer. 75c each.

PLUM GLORY (Schnabel) — Trailer with double globular flowers of plum purple and recurved broad sepals of deep carmine. Free flowering and self branching. 75c each.

PURPLE NIGHT (Waltz) — A natural trailer with double medium to large flowers. Center of corolla a deep, royal purple, while outer petals are heavily marbled with white and phlox pink. Short, white tube, tipped with pink at base and the upturned sepals are frosty white, flushed pink. 75c each.

ROSE CHIFFON (Schnabel) — A semi-double, natural trailer with apricot overtones. Flowers are a blend of rose bengal in the corolla with rose madder sepals. The petals are apricot tinted, giving the flower a warm, rose pink cast. 75c each.

SAMSON (Fuchsia Farms) — Trailer with large, double corolla of dark plum purple, very long tube, pink with wide pink to deep rose sepals. 75c each.

SAN FRANCISCO (Reiter, Sr.)—Trailing. The sepals are a pale carmine rose in the inside and carmine rose on the outside. Large, single corolla of pure, deep orange red.

SAN JOSE (Erickson) — A sport of San Pablo but a little more trailing in habit. The large corolla is white and the sepals rose pink to rosy red. Should be a popular addition to the trailers. 75c each.

SILVER SLIPPER (Hodges) — Best as trailer with double, white corolla, veined light pink near petal base, soft pink tube and long narrow upcurved sepals.

SKYLARK (Kennett & Ross)—Large, single corolla of violet blue, shaped square with outside sepals white and inner pink, short white tube, but sepals are very long and tapered. Large, single blue trailer.

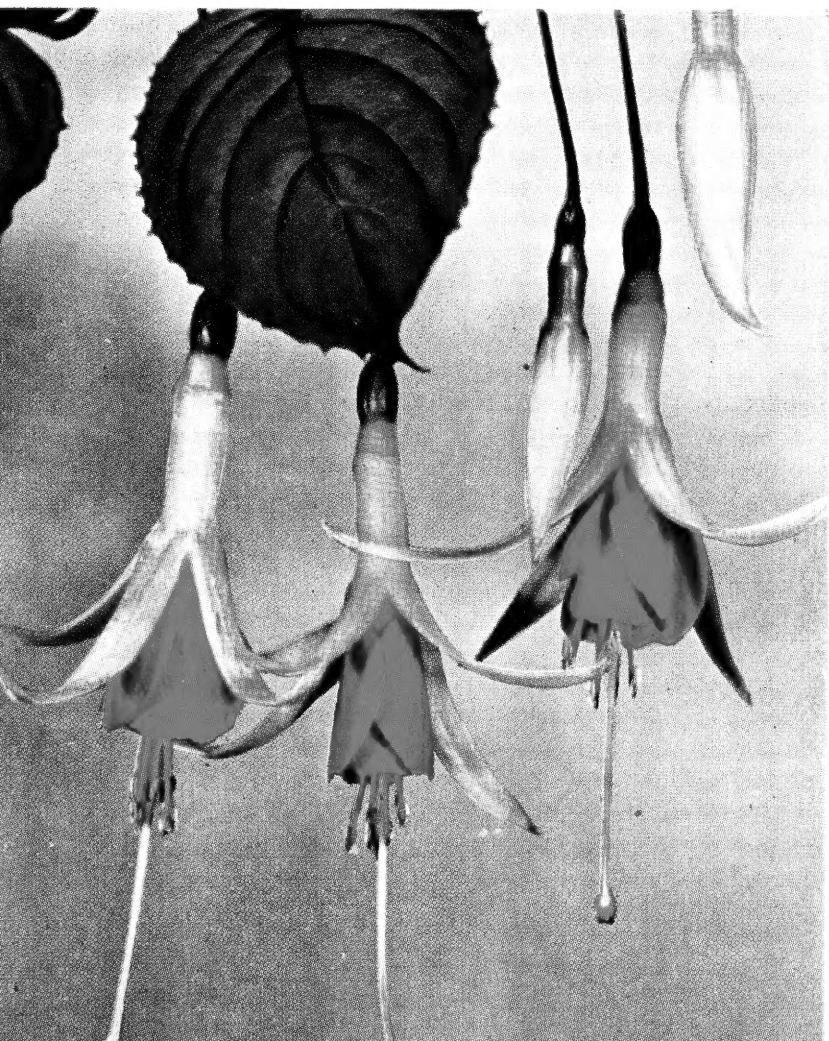

TRAILING FUCHSIAS— *Continued*

SIDE SHOW (Erickson) — Double fluffy corolla, white with palest pink undertone, veined rose pink, tube and broad, upturned sepals deepest red. Trailer.

SO BIG (Waltz)—Natural trailer of huge double flowers. Large, long stemmed, pointed buds open slowly to blooms of creamy white and long, upturned sepals of pale pink, which often measure five inches from tip to tip. 75c each.

STARRY TRAILS (Waltz) — Long, single corolla of brightest rose bengal with the tube and very long, outspread sepals of flesh, flushed pale salmon. Large flowered trailer. 75c each.

San Francisco (See Page 8)

Bouffant (See Page 7)

STOP-LITE (Schnabel) — Semi-double corolla of brilliant Tyrian rose flecked with geranium lake. Short sepals of carmine rose and white tube. Strong trailer. 75c each.

STREAMLINER (Tiret) — Patented. Long, semi-double corolla of deep crimson and extra long, twisted and curved crimson sepals. Very showy as a trailer. \$1.00 each.

SUMMER SNOW (Waltz)—Trade Mark Reg. Semi-double white corolla, tube and curved, upturned sepals white, tipped green. One of the Waltz outstanding introductions. Natural trailer. \$1.00 each.

SUNKISSED (Tiret)—Semi-trailer with double, medium sized corolla of red to crimson and pink tube and sepals tipped green. 75c each.

TRAILING FUCHSIAS—Continued

SWINGTIME (Tiret)—Double, milky white corolla with slight pink veining at base. Tube and short, upturned sepals shiny red. 75c each.

THUNDERBIRD (Tiret)—Natural trailer with early and profuse bloom. Double vermilion corolla to rose, tube and extremely long sepals are rose. Pat. pending. \$1.00 each.

TINKER BELL (Hodges)—Long, single white corolla veined soft pink. Tube is long, spreading, then upturned. Sepals range from white to pink. Spreading habit but displayed as a hanger. 75c each.

TRAIL BLAZER (Reiter, Jr.)—Double trailer of the Anna type—deep magenta corolla and sepals of slightly paler shade. Extra good hanging basket type. 75c each.

TUMBLING WATERS (Reiter)—True cascade trailing type with double corolla of cyclamen purple and reflexed sepals of dark crimson on outside and light crimson inside. A fine addition to the blue trailers. 75c each.

VAGABOND (Schnabel)—A double trailer with huge flowers of brilliant deep magenta, flushed carmine and short tube and broad, upturned sepals of brilliant carmine. 75c each.

Single Flowered Fuchsias

ANTIGONE—Large, loose growing plant with gorgeous single flowers of waxy white sepals and deep orange pink corolla. Individual in form and color of flowers.

ARBORESCENS (Syringae flora)—Mexico. Erect terminal panicles of small rosy lilac flowers. Different from all other Fuchsias. Strong growing.

AURORA SUPERBA—Sepals and tube of light orange apricot, corolla of deep orange peach. One of the very fine importations of a few years ago.

BOLIVIANA (Braziliensis)—Bolivia. Standing more sun and heat, tall growing, free blooming over the summer, with clusters of long, thin flowers of scarlet red.

CARMEL BLUE (Hodges)—Long, single corolla of beautiful blue, long greened white tube and narrow, outspread white sepals, flushed palest blush on underside. Vigorous, upright bush with lots of flowers. 75c each.

CHANG—Coloring and form suggest the Orient. Tube and back of sepals tinted with same color. Inside of sepals is almost white. Petals are delft rose; sometimes scarlet, frequently a blending of scarlet and pomegranate purple.

CITATION (Hodges)—A prize winning Fuchsia with single corolla of four broad white petals, lightly veined pink at base, which open to wide saucer form. Tube and medium sized, upturned sepals light to rose pink. Bushy, upright grower. 75c each.

CLAIRE DE LUNE (Moonlight)—Broad leaves similar to MONTEREY. Long narrow blooms of salmon-orange, corolla flaring out at the end of the tube.

BOLIVIANA ALBA—Peru. Tall growing with long, thin white tube and sepals and short, deep red corolla. 75c each.

COUNTESS OF ABERDEEN (Schneewitchen)—A gem in the Fuchsias with small, pale pink, sometimes white corolla, with white tube and sepals.

SINGLE FLOWERED FUCHSIAS—Continued

CRAZY QUILT (Reedstrom)—Single, pale pink with purple blotches on corolla petals. Sepals of palest green on outside and shell pink underneath. 75c each.

ERECTA—Single white and light pink, corolla margined with rose. Flowers erect.

FANFARE (Reiter, Sr.)—Very large trumpet shaped flower with an amazing rich coloring. Exceptional vigor and fine foliage. The long, narrow tube and sharply pointed sepals are a varnished turkey red. The large, flaring corolla is of pure scarlet.

FULGENS—Mexico. Large, hairy, light green leaves with orange vermillion corolla, orange-pink tube and green tipped sepals.

GAY SENORITA—Single bell shaped corolla, deep lilac flushed rose, with distinct, light border edging the petals. Sepals long and spreading, deep rose red. Good grower and free flowering.

IMPUDENCE (Schnabel)—Wide open, single corolla of white petals veined rose, with long slim sepals of light red. Medium bush. \$1.00 each.

ISIS—Mexico. Medium height, with small, glossy blue-green foliage and a mass of tiny bright crimson flowers. Tiny, waxy, black berries.

LA BIANCA (Tiret)—Single, white corolla and short tube and long, upturned sepals white, tipped green. Medium grower. 75c each.

MABELLE EDWARDS (Waltz) — Single, clear, pale pink bell shaped corolla with outer petals scalloped. Long pointed bud with frosty white sepals upcurled. 75c each.

MME. AUBIN—Vigorous grower with deep orange pink corolla and soft salmon sepals.

MAGELLANICA GRACILIS VARIEGATA—Small thin flowers with narrow red sepals and short purple corolla. Silvery white variegated foliage.

MAXINE ELIZABETH (Tiret)—Single bell shaped corolla, nearly white at base, deepening to rose-red toward orange-flushed petal edges. Long, upright sepals, flushed pink on outside, salmon pink on inside.

MAZDA (Reiter) — Large single of crisp, deep carmine, spreading corolla and gracefully recurved sepals. A prize winner.

MINIMAEFLORA—The tiniest of all Fuchsia species, with minute orange-red blooms, small foliage.

SINGLE FLOWERED FUCHSIAS—Continued

MISS CALIFORNIA (Hodges) — Single to semi-double white with faintest pink glow inside corolla. Short tube and long, broad, pointed, upturned sepals of medium pink shaded deeper pink.

MORNING GLORY — Single, orchid pink and pale pink. Corolla clear orchid pink, flaring as Sunset, sepals upturned, pale pink. Free blooming, self-branching.

MRS. J. D. FREDERICKS (Evans & Reeves) — Fast growing plant with masses of dainty salmon pink blossoms. Should be allowed to grow into a large, spreading specimen.

MRS. W. P. WOOD (W. P. Wood)—Imported from England by Reiter Jr. Small flowered pale rose, nearly white. Single flower with great vigor in growth.

ORANGE GLOW (Munkner)—Single, deep orange flaring corolla with reddish tube and the inside of the upturned sepals same color as corolla. 75c each.

OREGON TRAIL (Hodges) — Single, hoop skirt corolla of light amparo purple, veined rose red; tube and sepals are crimson. Medium, spreading grower.

OTHERFELLOW (Hazard) — Small, single flower with very soft rose shading to white at base. Waxy white tube and sepals.

PERIWINKLE (Hodges)—Long, single corolla of lavender blue, long, recurved pink sepals. Can be used as a trailer. 75c each.

PINK CLOUD (Waltz) — Single corolla of light orchid pink, short, waxy tube and long, broad, recurved sepals of phlox pink, tipped pale green. Upright grower like Sleigh Bells, of which it is a seedling. 75c each.

PLEROMET (Niederholzer)—Tall, upright growth with sepals of Turkey red, rolling up and single corolla of very dark violet.

Erecta (See Page 11)

REFLEXUS—Small, bushy plant with tiny flowers of orange scarlet and reflexed red sepals.

ROSE OF DENMARK—One of the best, with corolla of pale rose, shading to deeper rose at edge of petals, reflexed pale blush sepals.

ROYAL FLUSH (Hodges) — Very large, single flower of royal purple petals, flesh colored at base and veining toward center. Tube and broad, long, upturned sepals deep red. Flat, open flower on medium tall plant.

SAN FRANCISCO — Trailing. The sepals are a pale carmine rose in the inside and carmine rose on the outside. Large, single corolla of pure deep orange red.

SERENADE — Very strong grower with immense clusters of single rose pink blooms with light pink sepals. Huge flower mass at tips make a grand show.

SINGLE FLOWERED FUCHSIAS—Continued

SLEIGH BELLS (Schnabel)—A single, all white, beautiful flower. The single white corolla forms itself into a perfect bell. Can be grown as a bush or is fine as a trained espalier. 75c each.

SERRATIFOLIA (Denticulata) — Peru and Chile. Long tube, white, tinted carmine, shading to green at tips of sepals, deep orange pink corolla, shading to carmine at base.

SHOW-OFF (Hodges) — Very large single, opening flat with bright rose petals and sepals. Upright bush that produces lots of bloom. 75c each.

THYMIFOLIA — Mexico. Minute flowers in profusion with tiny crimson sepals and petals. Tube of lighter shade. Prominent white stamens. One of the smallest flowers of the group.

Gallons \$4.95

Fanfare (See Page 11)

Triphylla Hybrids

CORALLE—Large cluster of rich orange salmon flowers. Blue green leaves.

GARTENMEISTER BONSTEDT — Flowers glowing brick red with orange shading. Dark, bronze red foliage.

HANGING POTS

We are happy to be able to offer hanging pots, without plants, complete with wires for hanging up in the following sizes:

10 inch pots at.....\$1.50 each
(10-in. size usually used for Fuchsias)

12 inch pots at.....\$2.00 each

Redwood Hanging Baskets

Prices from \$2.00 up

Best size: \$3.00, Square

TAUDESCHEN BONSTEDT — Long tubular large flowers in clusters of pale salmon pink color.

THALIA—Bronze green foliage and long orange scarlet sepals and short orange red corolla. Tall, upright growth.

TICKLED PINK (Reedstrom)—TRIPHYLLA TYPE. Long tube is dark pink as is the outside of sharp pointed sepals but white underneath, corolla is bright pink, the plant is a bushy, compact grower. \$1.00 each.

CAMELLIAS

Besides our collection of America's Finest Fuchsias we have been building up a large assortment of Camellias and we now offer over 200 varieties, a long list of the most popular as well as the more unusual. No catalog on these.

Double Flowered Fuchsias

ANGEL FLIGHT (Martin) — Long white tube and wide, deep pink sepals, double white corolla with long petals in center, shorter on outside. Low bush. \$1.00 each.

BALI HI (Tiret) (Pat.)—Trailer with double corolla beginning violet blue, opens to mauve blue, broad tube and upturned sepals white. Good foliage and abundance of medium large flowers. \$1.00 each.

BALL OF FIRE (Reedstrom) (Pat.)—Double bright red with fiery orange red overtones and sepals of bright red. A very striking fuchsia and we believe a really new color in fuchsias. \$1.00 each.

BERKELEY (Reiter) — Large flowering, free blooming and a vigorous grower. The double flowers are brilliant Tyrian rose with marbling and edging of lighter tones. The tube and sepals are of a lighter tone. Flowers in heavy clusters. 75c each.

BEWITCHED (Tiret) — Patented. Double, deep violet purple corolla, tube and outside of petals white, inside flushed pale pink. Large flowers and will make an excellent hanger. \$1.00 each.

BLUE AND GOLD (Reedstrom)—Full double, mauve blue corolla and sepals of palest pink. Lemon yellow foliage on a vigorous growing plant. A good addition to the "foliage" fuchsias. 75c each.

DOUBLE FLOWERED FUCHSIAS—Continued

BLUE WAVES (Waltz)—Double corolla with waved petals of deep campanula violet, tube is flushed pink and upturned sepals are Neyron rose. The outer petals are splashed rose white, the center remains deep violet blue. Can be pinched to make a basket. 75c each.

BOUDOIR (Reiter)—Large double flowers of daintiest coloring, petals of pale Bishop's violet which fades to pale orchid purple, sepals of creamy color. 75c each.

BRIDESMAID (Tiret) — Patented. Double corolla of pale lilac orchid deepening toward edges. White tube and sepals with light carmine blush. Strong, upright bushy grower. \$1.00 each.

BRIGADOON (Erickson)—Large, long bud opening into very large, double flower of violet blue, overlaid and marbled with fuchsia pink. Tube and broad sepals pink with light green tips. Tall, willowy grower. \$1.00 each.

BUNKER BOY (Tiret)—Double corolla of long, fluted petals near white at base, shading to geranium lake at edges. White flushed pale carmine tube and sepals. Strong, upright grower.

BURGUNDIAN (Schnabel)—A double burgundy red flower with dark wine red shadings. The waxy tube and sepals are of deep carmine. Tall growing variety. 75c each.

CALYPSO (Reiter) — Trade Mark Reg. A spectacular fuchsia with a double corolla containing chartreuse, cream, cyclamen purple and amethyst violet. Rosy cream buds open to long, recurved sepals of unfading Tyrian rose. Medium, upright growth. \$1.00 each.

CAMEO (Schnabel)—Low bush with pale rose madder sepals and semi-double corolla of a shade lighter. Good pot plant.

CAMILLE (Schnabel)—A huge double with spreading corolla of rose bengal, reflexed sepals are short and colored crimson. Upright growth. 75c each.

CARNIVAL (Tiret) (Pat.)—Large, loose double of brilliant spirea red and glistening, frosty white sepals tinted on outer sides with delicate pea green. Long white tube, a heavy bloomer. \$1.00 each.

CITY OF RICHMOND (Schnabel)—Medium size spreading corolla of pale pink with white, upturned sepals. Medium grower and will flower early in season. 75c each.

COLONIAL DAME (Hodges)—Full double corolla of medium to light pink, short, broad out-spread sepals are rose pink, tipped green. Strong, willowy grower. 75c each.

CONSTELLATION (Schnabel) — Medium large, double, ivory white with clear white, pointed sepals. Medium size bush. 75c each.

CORPUS CHRISTI—Double corolla of soft lilac-lavender, overlaid with flesh pink. Tube and upturned sepals of rose red. 75c each.

CORONATION (Tiret) — Patented. Double, wide spreading corolla, a most distinctive shade of rosy-raspberry. Short tube and long, narrow sepals waxy white, sepals flushed soft pink on underside. Tall, upright willowy grower. \$1.00 each.

DOUBLE FLOWERED FUCHSIAS—Continued

CRESCENDO (Reiter, Sr.)—Double flowered with the outer one-third of corolla peony purple and the margins and lower two-thirds Turkey red. Sepals are Turkey red. Shrubby, upright type of good growth and continuous bloom. The most red double fuchsia.

CRINOLINE (Reiter)—A large, puffy double with tube and broad sepals of rosy white, tipped green and the deeper colored double corolla a clear rose.

CROWN JEWELS (Schmidt) — Large double, widespread ruffled corolla of an attractive glowing rose, with pale green center when fully open; greenish tube and long, broad, white sepals with faint blush. Tall, willowy grower.

DAINTY DAMOSEL (Schnabel)—A semi-double, flaring flower whose rolled petals are deep violet blue, fading to soft orchid, banked by short star-like, clear white petals and short pink tube. Bushy, upright grower with arching branches.

DALY CITY (Martin)—Large, double corolla with outer rim petals deep blue, graduating to rose pink in center and wide, thick, light red sepals. 75c each.

DARK SECRET (Hodges) — Double corolla of deep violet, a few outer petals marked phlox pink, short, greenish tube and heavy, broad, upturned sepals waxy white outside, palest pink inside. Medium, bushy habit. 75c each.

DESERT SUNSET (Waltz)—Large, double corolla of smoky rose with splashes of coral and coppery tones turning brilliant crimson as flower matures. The short, white tube is flushed pink and the upturned, broad sepals are a rosy shade. Semi-trailer. 75c each.

DON PERALTA (Tiret)—Very large flower of semi-double corolla of deep carmine red, similar in color to ANNA. Vigorous, upright grower.

DU BARRY (Tiret) — Patented. Double, purple corolla with smaller outside petals of either flesh pink or heavily marbled. Tube and broad, reflexed sepals of soft pink. \$1.00 each.

EASTER BONNET (Waltz)—Large, double corolla of a lovely, dusky rose pink with deeper shade at base of petals, short tube, flushed rose and broad, frosty, upturned sepals shading from deep pink at base to pale pink, tipped with green. Medium size, bushy plants. 75c each.

ECSTASY (Tiret)—Double corolla with inner petals of hyacinth blue and the outer the same splashed with phlox pink. Broad neyron rose sepals. Large flower and an excellent grower.

Ecstasy

DOUBLE FLOWERED FUCHSIAS—Continued

EL CAMINO (Lee)— Double corolla of white, heavily flushed and veined rose. Short tube and broad, upturned sepals of rose red. Bushy grower of medium height. 75c each.

ENCHANTED (Tiret) — Patented. Large, double campanula blue corolla, outer petals overlaid with fuchsia pink, all petals edged with pale lilac line, rose-red sepals. Good, upright grower. \$1.00 each.

EVENING SHADOW (Kennett & Rose) — Medium double corolla of deep purple outer petals marbled pink. Tube white and broad sepals with white upper surface and lower surface white, flushed purple. Upright type. 75c each.

FAIRY PRINCESS (Martin) — Double corolla opens to square orchid blue petals with base lightly marbled pink, flesh pink sepals, tipped green. Bush.

FANTASY (Muriel Waltz)—A semi-double, open, flat flower of fairly large purple petals, pale orchid pink at center with smaller petals between, mostly pink, shading purple at edges. Sepals and tube white, flushed pink. Good, upright grower.

FLIRTATION (Leitner)—Sport from Lucky Strike. Tube and long, reflexed sepals of pale rose madder with petals evenly tinted with the palest petunia purple.

Crinoline (See Page 16)

FLYING CLOUD (Reiter)—Patented. Double, white corolla and sepals with the palest rose tinting. One of the stronger growing "all white" fuchsias. \$1.00 each.

FOREVER YOURS (Tiret) — Large, semi-double corolla of campanula violet, heavily marbled at base with light pink and rose madder, long, graceful recurved sepals of pale rose shading to delicate pale green at tips. Semi-trailer. Early and continuous bloomer. 75c each.

FRENCHI (Waltz) — Tube flushed white with wide, upturned, recurved salmon-pink sepals. Large, double corolla is silvery blue and pale rose-mauve with pink splashes. Medium, bushy grower.

DOUBLE FLOWERED FUCHSIAS—Continued

GEORGANA (Tiret) (Pat.)—Bushy, upright grower with large, double, grey-blue corolla and pink sepals. \$1.00 each. See color cut, Front Cover.

GIANT FALLS (Erickson)—Double, creamy white corolla with light pink veining. Broad, upturned pink sepals are tipped palest green. Willowy growth. 75c each.

GRANADA (Schnabel)—Large, double corolla of rich purple with deep carmine sepals whose color runs down into corolla. Medium, upright bush. 75c each.

GRAY LADY (Reiter) — Double corolla of exquisite pale grayish blue cast, fading to delicate lavender rose. Vigorous, upright grower.

GYPSY PRINCE (Ervin)—A sport of Gypsy Queen with the same large flowers but has corolla of deep violet purple with small outer petals marbled flesh pink at base. A fine variety for every garden.

GYPSY QUEEN — A very fine fuchsia. Enormous flowers with deep crimson sepals and rosy mauve white line around edge of each petal, scarlet sepals.

HIS EXCELLENCY (Reiter)—A fine double purple with white tube and sepals. Medium to large, globular flowers with rather fine, small foliage. A must for the collection. 75c each.

JAMBOREE (Reiter)—A large double with corolla of irregular petals of real deep carmine with tube and sepals of the same bright color. The growth is stiffly upright and this new color has proved very popular. 75c each.

KING SIZE (Kennett & Ross)—Large, very double corolla with royal purple center petals and outer petals marbled with shades of purple, tube red with sepals white, flushed faint purple. 75c each.

LACE PETTICOATS (Tiret) (Pat.)—Double corolla of serrated petals of white, faintly shot with palest blush. Large, full flower, outspread, white sepals. Is most white in the shade. Vigorous, upright grower. \$1.00 each.

LORALEI (Martin)—Double corolla opens pale lavender blue with rose pink at base, deep rose red tube and wide sepals. 75c each.

LUCKY STRIKE — An unusual colored fuchsia in rather striking combination of blue-purple-pink and gray tones. Globular in form and quite double.

LUNADO (Tiret)—Very large, double, purple corolla, fading red with tube and sepals of rose pink. Upright, with early blooming habit. 75c each.

MARIN JEWEL (Reedstrom)—Double mallow purple corolla with apricot to pink shadings at the base of petals. Graceful, upturned sepals of flesh pink and slightly darker on under side. Upright type, will make a good pot or tub plant. 75c each.

MARIE LOUISE (Martin)—Very large double with serrated white petals, veined red and extra wide, thick bright red sepals. Bush. 75c each.

MASTER STROKE (Hodges)—Large, double white with pink flush on shorter petals and also on the white sepals. All petals curl and twist and this near white is a distinct novelty. 75c each.

MISS FRILLS (Tiret) — Double, spreading corolla with scalloped petals of soft orchid lilac, tube and upturned sepals rose pink. Bushy grower and free bloomer.

DOUBLE FLOWERED FUCHSIAS—Continued

MISS PRIM—Large semi-double with petals of deepest imperial purple, fading to lighter shade. Sepals carmine.

MOTH BLUE (Tiret) — Double corolla of deep lilac blue, short tube and long, broad, upturned red sepals. Strong, upright grower.

MOONLIGHT (Waltz) — Semi-double, medium sized flower with corolla of palest, fleshy pink, deepening as flower matures. The short tube and long, frosted sepals are greenish white, tipped with pale green. Excellent for pot plant or basket.

NEW HORIZON (Reiter)—A large, double corolla of crispy light blue petals and pale rose sepals. A delicately colored flower of good quality.

OLD SMOKY (Schmidt) — Large, double, old rose corolla with smoky cast and outspread sepals of flesh color. Somewhat pendulous branches.

PAPA BLEUSS (Tiret) (Pat. Pend.)—Huge, double corolla of deep bishop violet, slightly marbled at base with delicate crimson. Inner part of recurved sepals are carmine rose and outer part pale rose and ivory. \$1.00 each.

PARTY FROCK (Trade Mark Reg.)—Semi-double, lavender-blue corolla, splashed with phlox pink on outer petals. Tube and upturned sepals rose pink. Upright grower with large flowers. \$1.00 each.

PETITE (Waltz) — A small double pastel with bright lilac blue corolla and soft rose tube and sepals. Vigorous, bushy grower, ideal for potting.

PICOTEE (Schnabel) — Semi-double, medium sized corolla and deep violet and pink petals—serrated outer edges, tube is ivory pink and thick sepals are deeper pink. Medium, bushy grower.

PINK FAIRY (Waltz)—Large, double, clear pink corolla and creamy white tube with broad, recurving sepals of palest rose, slightly tipped white. An excellent pot plant.

PINK PARFAIT (Schnabel) — A double, spreading corolla with tube, sepals and petals, all a clear shade of light “strawberry ice cream pink” which does not fade. Medium grower. 75c each.

PIO PICO (Tiret) (Pat.)—Very large, double flower with corolla opening violet purple, turning to wine purple, small outer petals splashed with fuchsia pink. Short tube and broad reflexed sepals of pale pink, inside of sepals deeper pink. Strong grower. \$1.00 each.

POTENTATE (Reiter) — Double corolla with blend of rose madder and crimson, long tube and long, recurved sepals of rose madder. Huge flowers of the Rubeo type. 75c each.

PUGET SOUND (Hodges)—Double, milky white corolla overlaid pink, all veined pink at base; tube and broad, upturned sepals rosy red. Can be used as a trailer.

REVERIE (Reiter)—Medium sized double with waved petals and recurved sepals of pale rose. Bushy growth and a beautiful fuchsia. 75c each.

ROSECREST (Waltz) — Large, double corolla of deep lilac mauve turning bright carmine rose, the tube and broad, upturned sepals with tinge of palest pink. 75c each.

DOUBLE FLOWERED FUCHSIAS—Continued

RUBEO (Tiret, 1947)—Vigorous bush with large, rugose foliage. Corolla ranging from deepest rose bengal on the center petals to deep crimson on the outer petals. Color intensity is heightened with flecks of marbling of geranium lake. Pale carmine tube and carmine sepals.

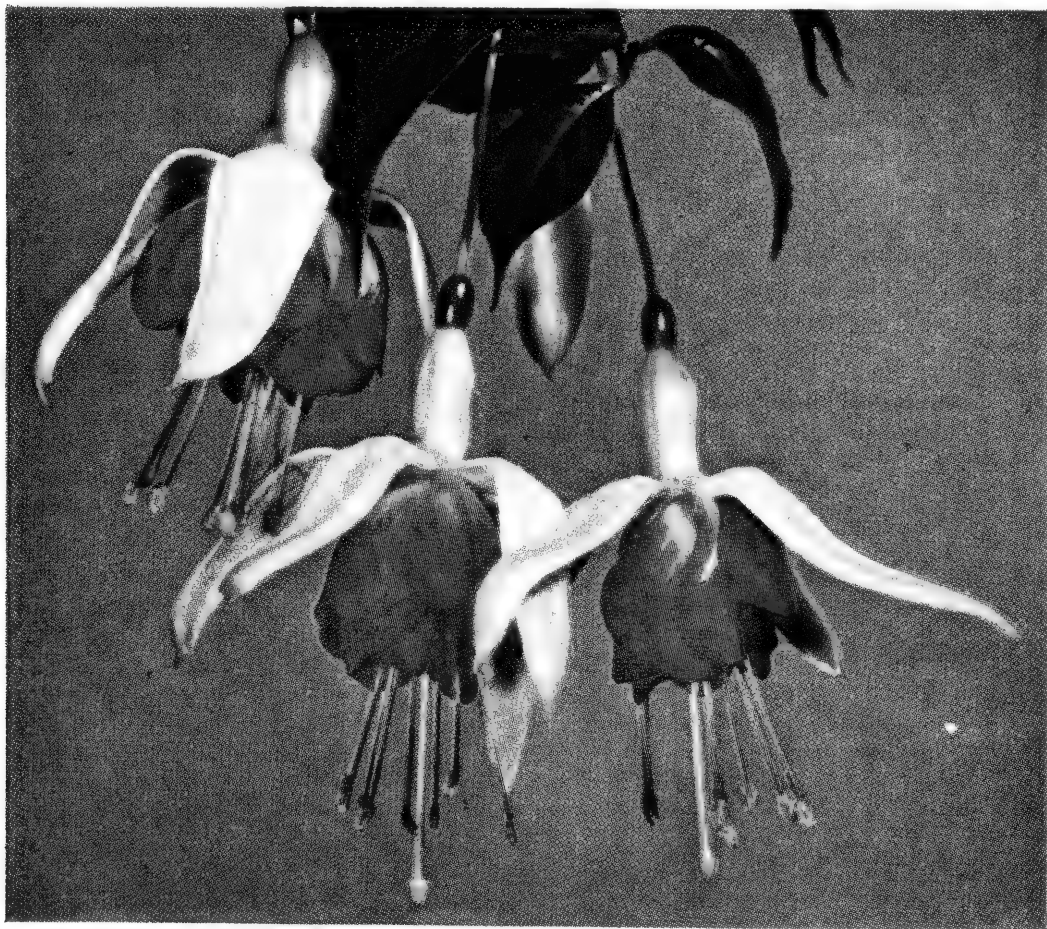

SAN JOSE (Erickson) — A sport of San Pablo but a little more trailing in habit. The large corolla is white and the sepals rose pink to rosy red. Should be a popular addition to the trailers. 75c each.

SANTA LUCIA (Munkner)—Double orchid pink with rose veining in all petals, outside petals overlaid with salmon rose. Outside petals are attached to the broad spreading, deep red sepals. Large flowers on strong, upright grower. 75c each.

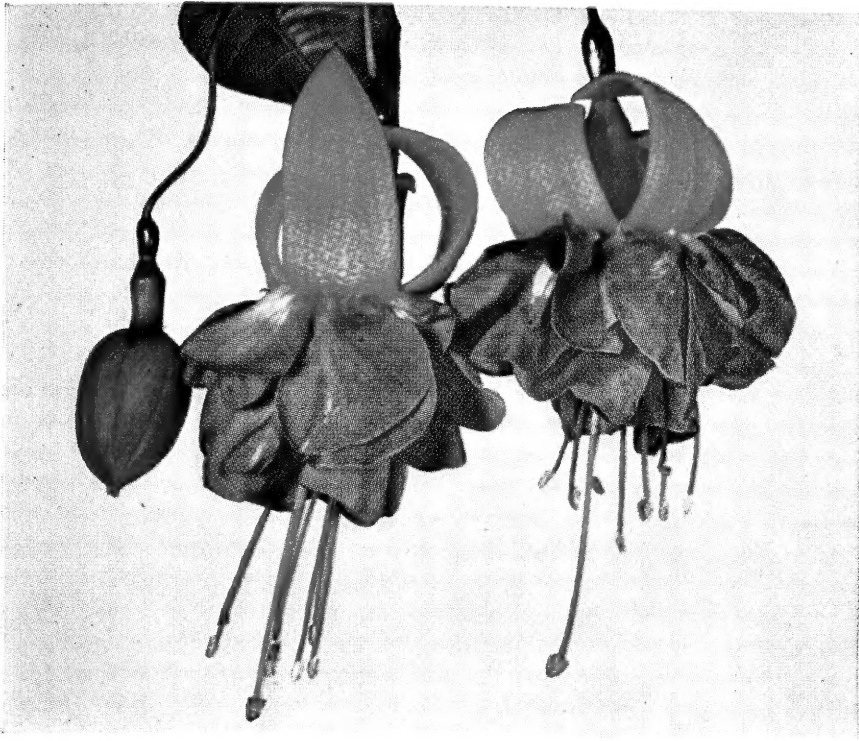

SANTA MARIA—Double, white, spreading corolla, heavily veined red and splashed red on outer petals. Tube and sepals deepest red. Upright growth.

SAPPHIRE (Waltz) — Double corolla of deep purplish blue and wide, frosty sepals of clear pink with short, creamy white tube. Ideal for pot plant. 75c each.

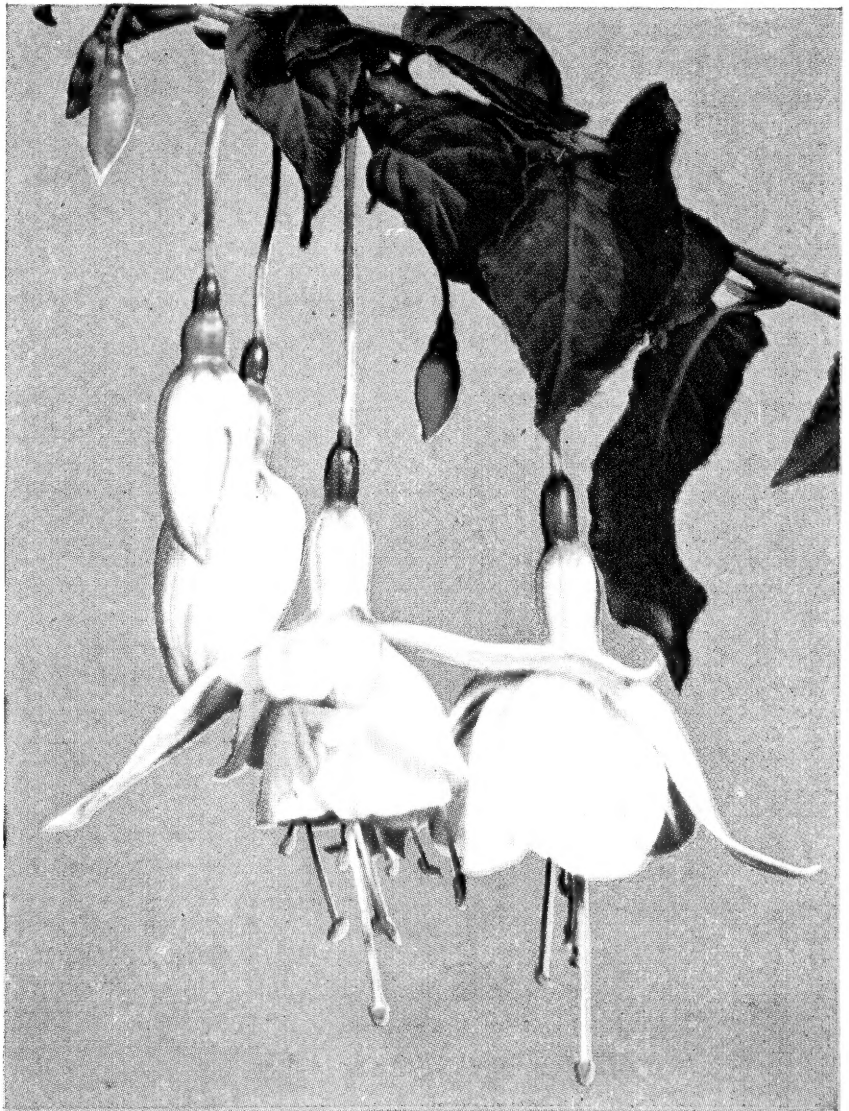

SAN LUIS OBISPO (Trade Mark Reg.)—Double, spreading corolla, white with palest blush, veined and flushed carmine at base of petals, edges of petals curled and serrated. Tube and broad sepals deep carmine. Strong, upright growing. 75c each.

DOUBLE FLOWERED FUCHSIAS—Continued

SHY LADY (Waltz) (Trade Mark Reg.) — Double corolla of a creamy ivory, opening to a symmetrical formal flower and petal turning to a new delicate shade of pale peach, short tube and broad, pointed, upturned sepals of ivory white. Upright grower, naturally branching into bushy habit to make a good pot plant. \$1.00 each.

SIERRA BLUE (Waltz)—Full double corolla of silver blue, changing to soft lilac, short tube and wide, upturned sepals are white, flushed palest pink underneath. 75c each.

SILVERADO (Waltz)—Full double corolla of palest pink, orchid undertone, near white at petal edges. Tube and broad, recurved sepals white with soft pink blush on inside of sepals. Large flowers. Semi-trailer. 75c each.

SILVER BLUE (Hodges)—Double corolla of a lovely soft silvery blue, paler at base of petals, sepals rose pink with greenish flesh at tip. A beautiful fuchsia. 75c each.

SNOWBALL (Reiter) — Huge double, creamy white corolla and white sepals and tube with flush of pink at the base.

SOMBRERO (Nelson)—Large double, brilliant rose with flesh colored tube and sepals of light to deeper pink. Thick, recurved sepals suggest name. \$1.00 each.

SOPHIA (Tiret)—Double dubonnet purple corolla, tube and long sepals waxy white, inside of sepals flushed palest carmine. Strong, upright grower. 75c each.

SOUTH GATE—Pinkish white sepals, double rose corolla. Upright grower. 75c each.

STELLA MARINA (Schnabel) — Semi-double, huge flowers of violet blue marked crimson, long, recurved crimson sepals. Large grower with abundant blooms.

SUMMER SNOW (Waltz)—Trade Mark Reg. Semi-double, white corolla, tube and curved, upturned sepals white, tipped green. One of the Waltz outstanding introductions. Natural trailer. \$1.00 each.

SUNKISSED (Tiret) — Semi-trailer with double, medium sized corolla of red to crimson and pink tube and sepals tipped green. 75c each.

SWEET LEILANI (Tiret) (Pat. Pend.) — Huge corolla of smoky blue with tube and recurving sepals of pale rose pink. Upright, vigorous grower. \$1.00 each.

SWINGTIME (Tiret)—Double, milky white corolla with slight pink veining at base. Tube and short, upturned sepals shiny red. Good branching habit, which should make a good basket type.

THE ARISTOCRAT (Waltz)—Large double, creamy white corolla with flaring serrated petals, slightly veined rose at base. White tube and spreading, upturned pale pink sepals, tipped with white. Strong, upright grower.

TITANIC (Reiter)—Double corolla, ranges from carmine at base of petals to deep petunia purple toward the edges which have a light "bead" margin. Short, carmine tube and thick, recurved carmine sepals. Will trail.

TIMMY (Evans)—Small, semi-double flowers in abundance. White corolla, pink veins and broad, upturned red sepals. A cross of the species Riccartoni. Should be hardy. 75c each.

DOUBLE FLOWERED FUCHSIAS—Continued

TREASURE (Niederholzer)—Fine, upright growth with plenty of flowers. Very pale orchid, double corolla of large size; calyx neyron rose. One of the best.

TUTU (Reiter)—Double flowered, bushy growing variety, excellent for pot culture. Large, flat flowered corolla of pale rhodamine purple flecked with pale violet. Spreading sepals are palest rose inside and greenish white outside.

ULTRAMAR (Reiter) (Trade Mark Reg.)—Very double corolla opens to a delicate gray blue and the base of the large incurved petals is stuffed with short white streaked irregular petaloides. Creamy white bud and long, broad, recurved sepals display a white iridescent inner surface. \$1.00 each.

UNCLE CHARLEY (Tiret)—Semi-double, lilac lavender corolla, tube and broad sepals rose red. Strong growing and should espalier well.

UNCLE JULES (Reiter, 1947)—Double violet blue, sepals crimson. Foliage is small and thick and the growth scandent. Giant double of fine "blue" coloring. Will trail.

VOODOO (Tiret) (Pat.)—Large double corolla of the deepest purple violet with short tube and long, broad upturned sepals dark red. Strong, upright grower. \$1.00 each.

WEDDING GOWN (Reedstrom)—Very double white corolla with petals that shade to pink at the base. Sepals are recurved and of palest flesh pink. 75c each.

WHITTIER (Home Fuchsia Gardens)—Semi-double corolla with large center petals white, flushed pale orchid and shorter outer petals soft pink. Short tube and spreading sepals white, underside of sepals softest pink, tipped green. Medium grower. 75c each.

YONDER BLUE (Tiret)—Double, globular corolla of deep blue and broad upturned sepals of rose red. Large flowers on a vigorous, upright growing type. 75c each.

YULETIDE—Large double white corolla and crimson sepals. Strong grower. Espaliers nicely.

Dwarf Conifers

For Rock Gardens

Bonsai Dish Gardens

An increasing interest in these types of plants has led us to propagate many of these, especially in small sizes suitable for the above purpose and also allows easy and economical shipping.

A black and white photograph of a Fuchsia Berkeley plant. The image shows several large, dark, ovate leaves with prominent veins. From the leaves hang several long, slender, tubular flowers. The flowers have a long, narrow corolla that flares out into five pointed lobes. The stamens are long and protrude from the center of the flowers. The background is a light, textured surface.
